SHERMAN NELSON AND PRIZE-WINNING HOGS

## SHERMAN NELSON'S ENTRIES WIN SWINE SHOW HERE

by Angus Dickson, Jr.,  
County Agent

Sherman Nelson of Rt. 3, Comanche, won the first place ribbon and cash prize of \$10 at last Saturday's County Swine Show in Comanche. Nelson's registered Duroc gilt was judged the top breeding gilt and will represent Comanche County next Saturday, Sept. 20, at the Area Swine Show in Brownwood. Judges were: George Jones, former salesman for National Commission Company and now of Gustine; Weldon Kirby, Vocational Agricultural Instructor from Gustine; and L. D. Cox, Comanche, State sales manager for Moorman Feed Co.

Robby Wilkerson of the De Leon 4-H Club took the top showmanship award ribbon and a feed bucket prize. Show Superintendent Bruce Chambers, County 4-H Adult Swine Leader from Gustine presented additional awards and prizes to: Jimmy Leon Couch, \$8 and ribbon for 2nd place; Jackie Hicks, \$6 and ribbon for 3rd place; Terry Lynn Sparkman, \$4 and ribbon for 4th place; Wallace Reid, \$2 and ribbon for 5th place; Ladoyt Northcutt, ribbon for 6th place; Iris Nell McDearmen, ribbon for 7th place and Robby Wilkerson, ribbon for 8th place.

## Baptists Observe Christian Education Day Here Sunday

"Christian Education Day" is to be observed by the Southern Baptist Churches of District 16 on Sunday, Sept. 21. Under the direction of Dr. Russell Dennis of Howard Payne College, Brownwood, speakers are to be furnished for the churches participating.

DR. LEONARD L. HOLLOWAY

speaks here Sunday

The First Baptist Church, Comanche, will devote the Sunday 7:30 p.m. service to Christian Education, according to Rev. Henry M. Chambers, pastor. The speaker will be Dr. Leonard L. Holloway of Dallas. He is the public relations superintendent of the Baptist General Convention of Texas.

## Sidney To Play Venus Friday Night

The Sidney Eagles will be hosts to the Venus Six-Man football team Friday night, at Eagle Field. Kick-off time is 7:30 o'clock. The Eagles have dropped two straight tilts this season and are out to get back into the win column against this Johnson team.

LANDS BIG ONE—Autry Graham, local service station attendant, is shown with a 30-pound yellow catfish, which he landed at Lake Comanche last Friday morning. This fish was caught on a trotline, and is one of three catfish totalling 27 pounds, reported to have been landed at the local lake, since trotline fishing was legalized in Lake Comanche last week.

## Four Pick All Winners In Grid Contest

Mrs. Donna Hicks, Comanche, won the second of The Chief's weekly football guessing contests—being one of four predictors who correctly called the turn on all ten of the selected games. Her prediction of Coleman 20, Comanche 14—was the closest, and wins the first prize of \$5 cash. John Keeter, Rt. 3, Comanche, was second with his guess of Coleman 22-Comanche 8; and Linda Rippetoe was third with her prediction of Coleman 26, Comanche 12.

Harold Kiser wins honorable mention for predicting all ten winners. Six contestants: Speedy Hicks, Mary Ruth Ross, Wade Smith, De Leon; Elza Perry, De Leon; Roy Brannan, Jr., and Baxene Barret, missed only one game. Most predictions were correct on eight of 10 games as the favorites in most instances came through. Games most frequently missed were Coleman's win over Comanche, San Saba's win over Goldthwaite, and Mineral Wells' victory over Ranger.

But there's another contest this week—and you may be a winner. Turn to the football page, circle the winners—and you may win the \$5 cash first prize, the 2-year subscription to The Chief as second prize, or the one-year subscription to The Chief for third prize.

### Information On Soil Bank

Farmers who put all of their eligible cropland in the Conservation Reserve of the Soil Bank still have certain "operating" rights on their farms. Chairman William F. Bryant of the Comanche County Agricultural Stabilization and Conservation Committee revealed today. In the first place, the chairman said, farmers who take advantage of the additional 10 percent payment for putting all their eligible land in the Reserve can continue to live on the farm. While they cannot, of course, produce any Soil Bank base crops—generally, all grain and row crops, these farmers can grow a (Continued On Last Page)

## INDIANS CLASH WITH CISCO HERE FRIDAY

The Comanche Indians take on the tough Cisco Lobos here Friday night in a game which should turn out to be one of the best of the season.

The visitors, with 16 returning lettermen, are favored to cop top honors in District 7-AA, and hold an impressive 52-6 win over Dublin, in their only 1958 start. Headed by Randall Hess, 165-pound fullback who rain wild against the Indians last season, and getting good support from Halfbacks Charles Lipsey and Duane Hale—the Lobos have a potent attack, featuring lots of speed.

Comanche has shown good power in its two outings this season—and has controlled the ball throughout most of both contests. Coach Bill Scoggins reports that his Indian squad is in good shape with the exception of Quarterback Lewis Sims, who is likely to be handicapped somewhat due to an ankle injury.

The Indian line played much improved ball last week, but will have a bigger task in holding Hess and his teammates, reports Coach Scoggins.

Coach Scoggins says he will likely start: Harold Parrish, 180, and L. G. Holland, 165, at ends; Roland Collins, 195, and Delbert Brewster, 225, at tackles; Bob Silder, 200, and Paul Ray McKinzie, 155, at guards; and Tucker Loudermilk, 160, at center. Backs will be Lewis Sims, 175, at quarterback; Gary Don Swearingin, 145, and Kenneth Henry, 175, at halfbacks, and John Gleason, 185, at fullback.

## CHS Student Body Plans Benefit Drive For Ex-Student

The Student Body of Comanche High School is sponsoring a drive to raise money for Horace Davis, who was severely burned this past summer and is in the Harris Hospital in Fort Worth.

We will place boxes in the stores downtown, and Saturday, September 20, the students will work around town asking for your donations. Any amount you can give will be appreciated. Horace graduated from CHS with the 1958 class. Although he knows nothing about this, we would like to do something for him.

## Meet Saturday

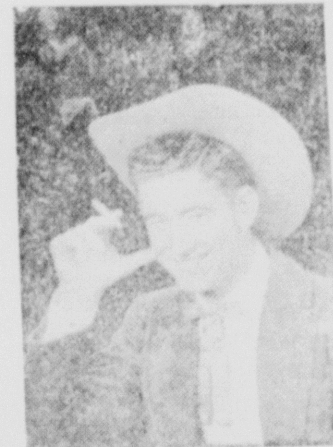

Texas Senior Citizens Association meets Saturday afternoon, Sept. 20, at 2 o'clock in the County Courtroom at the Comanche County Courthouse. O. H. Moore of De Leon will be the speaker.—W. H. Matthews, president; Mollie Mullican, secretary-treasurer.

## Buck Turley New Manager Of Clay Lumber Yard

Buck Turley, who has been serving as assistant manager of Clay Building Material Company's retail store at Stephenville, is the new manager of the firm's store here. J. B. Ruth, manager of the local yard for the last several years and who had been with the Clay organization for the past seven years, has resigned to accept a position with the Texas Sash and Door Company, and will be in charge of the Tyler division. The Ruth family have moved to Tyler.

## J. H. Wilhelm, Local Business Man, Dies Here

John Homan Wilhelm, 73, known to his friends as "Homer", died at his home on East Central Ave., Comanche, Monday, Sept. 12, at 2:15 p.m., following several months of poor health. Funeral services for Mr. Wilhelm were held at the local First Methodist Church, Tuesday afternoon at 2 o'clock, with the pastor, Rev. J. D. Smoot, in charge, assisted by Rev. J. D. Smoot, retired Methodist minister and a close friend of the family. Music was by the church choir. Pallbearers were Vasco Lee, Ira Clemons, A. P. Burks, Paul Sims, N. N. Durham, and Boyd Taylor. Interment was in Oakwood Cemetery. The Comanche Funeral Home was in charge of arrangements. Mr. Wilhelm was born December 19, 1884. (Continued On Last Page)

BUCK TURLEY

Mr. and Mrs. Turley have moved to Comanche, and are now at home at 109 Ninth Street. He is a native of Stephenville, and has been employed with Clay Building Material Company for the past three and one-half years.

## Airman Leon Lew Killed In B-52 Bomber Crash

Leon R. Lew, husband of the former Dorothy Nell Fickel of the Hazeldell community, was one of seven crew members aboard the B-52 bomber which crashed Tuesday near St. Paul, Minnesota, and is missing and presumed dead. The giant plane, based at Loring Air Force Base in Maine, missed by three miles the densely populated Minneapolis-St. Paul metropolitan area. The co-pilot parachuted to safety, but all others aboard the plane are presumed dead. Mrs. Lew is the daughter of Mr. and Mrs. W. R. Fickel of Hazeldell, and is a graduate of Gustine High School. She is the mother of five children, and they live at Limestone, Maine, where Airman Lew is stationed. Mrs. Lew called Mrs. Rochelle Elliott, Comanche, Tuesday and asked her to call on her parents at Hazeldell, and advise them of the tragedy.

## WOW LODGE TO MEET MONDAY NIGHT

The local WOW Lodge will meet Monday night, September 22 at 8:00 o'clock at the KP Lodge. All members are urged to attend this meeting say Willie Tupin, secretary.

## Open House Set Sunday For Comanche's New, Modern Hotel

Plans are all set for the open house of Comanche's newest business—the modern 223-room Chaney-Mims Hotel, at 203-5 S. Austin St., Comanche, on Sunday afternoon, September 21, 2 to 5 o'clock.

This attractive and modern structure, built new from the foundation up on the site of the former Ridgeway Hotel, is of brick construction.

It has 16 rooms, all with private baths and containing 24 beds, plus a five-room living quarters apartment, and a spacious and attractive lobby.

The new hotel is centrally air conditioned and has tile floor covering throughout. Bedroom furniture is of modern design and of lined oak. All beds have innerspring mattress—and a varied color scheme is carried out

in the rooms to add to the individuality. The new structure contains 6,300 feet of floor space. Construction cost was approximately \$50,000.

Owners are Earl Chaney, local contractor, and Dr. Roy D. Mims, partner in Blackwood-Mims Hospital here. Mr. Chaney was in charge of the hotel construction. Mr. and Mrs. Chaney, who are experienced in management of motels, will manage Comanche's new hotel.

"We want the public to come and visit us Sunday, and pass inspection on our new hotel," say Dr. Mims and Mr. Chaney, adding that refreshments are to be served Sunday afternoon.

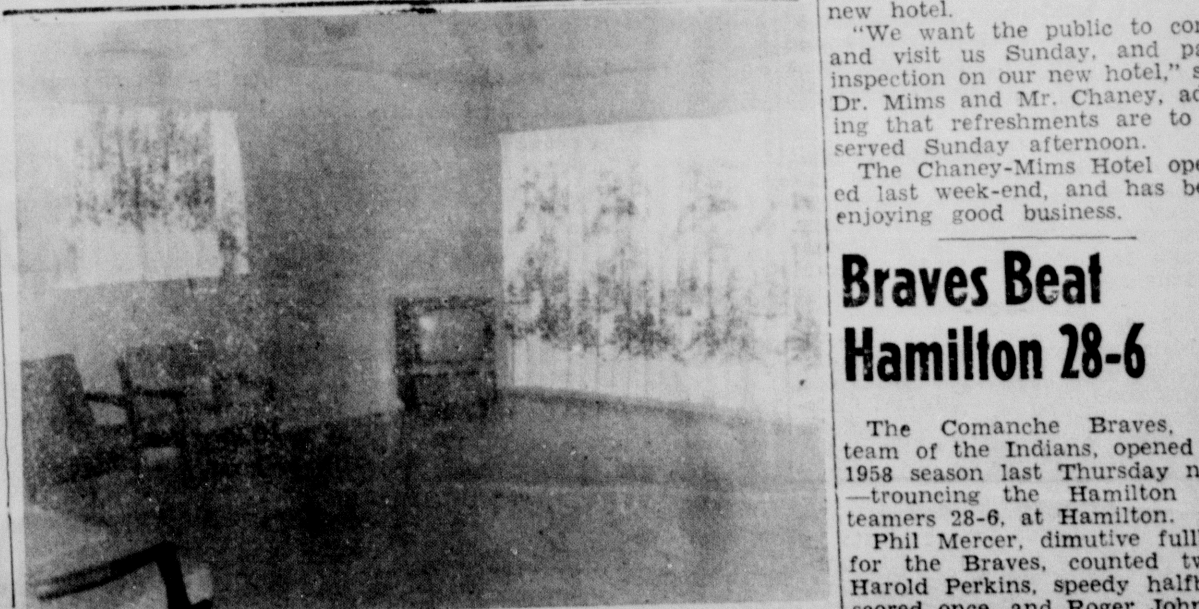

The Chaney-Mims Hotel opened last week-end, and has been enjoying good business.

## Braves Beat Hamilton 28-6

The Comanche Braves, "B" team of the Indians, opened the 1958 season last Thursday night—trouncing the Hamilton "B" teamers 28-6, at Hamilton. Phil Mercer, diminutive fullback for the Braves, counted twice; Harold Perkins, speedy halfback, scored once, and Roger Johnston rounded out the scoring for Coach

## Booster Club To Be Organized Monday

An organization meeting for a new club being formed to develop and create a more wholesome atmosphere and understanding among Indian boosters, fans, parents, as athletic events, is to be held Monday night, 7 o'clock, in the High School Auditorium. A full turnout of interested Indian supporters is urged to be present for the purpose of electing officers, and drawing up resolutions governing the conduct and purpose of such an organization.

The film of the Comanche-Cisco football game is to be shown. This is to be an open meeting for the public and everyone is invited to attend. Such booster clubs have been doing a good job in fostering better athletic organizations in many neighboring towns, including Brownwood, Brady, Balinger, Abilene, Breckenridge and others—as well as to keep up the athletic interest not only in football, but in other sports as well.

The new club has the full cooperation and endorsement of the Comanche coaches, and of the school administrators.

Mothers and fathers of boys on the football team, as well as team members, and football fans in general, all have a special invitation to attend.

Meetings are to be held weekly during the football season, on Monday nights—and at certain other times during the school year. Films of the Friday night games are to be shown each week during football season.

Another purpose of the formation of this new club is to promote better sportsmanship among the fans, as well as to acquaint the boosters with all rule changes.

The new club has the full cooperation and backing of other civic clubs in town including the Jaycees, the Lions, and the Chamber of Commerce—whose leaders join in extending an invitation to all of you Indian boosters to show up next Monday night, 7 o'clock, in the High School Auditorium.

Aut Graham is believed to have successfully defended his title as the 'King Fisherman' of Comanche last Friday when he hooked a 25-pound catfish on his trotline in Comanche and landed him safely.

The week of October 19-25 has been designated as "United Nations Week" with emphasis on October 24 as "UN Day."

One of the purposes of the week is to encourage everyone to learn more about the United Nations and what the organization stands for.

Last year there were 82-member nations in the United Nations. This year there are only 81 and yet no nation withdrew. The reduction came about when Egypt and Syria combined into the "United Arab Republic."

The present world population is about 2,700 million. About two thirds of these people, or about 2,000 million, are undernourished. That is, they do not get enough to eat, and suffer, more or less, from hunger.

It is hard for us in Comanche County to realize that there are so many hungry people in the world.

There are perhaps many families in Comanche County who throw out enough food every day to feed at least one individual.

If this food was not wasted, we would have to buy less to feed ourselves and there would be more left in the stores and food markets for somebody else.

Many mothers used to teach their children that it was a sin to burn or destroy any food that somebody else, or some animal, could eat.

In the days when nearly every household had some chickens, cattle, or hogs about the place, very little food was wasted, but the surplus was fed to animals and poultry to produce more food.

Poverty anywhere is a danger to prosperity everywhere.

The cost to maintain the United Nations organization is paid for by the different members. The cost is not much to any individual. The United States' part of the cost amounts to only 53 cents per individual for a year.

There are about 160 million people in the United States.

The main purpose of the United Nations is to preserve peace and to see that no nation is unjustly treated.

It, however, has other aims such as to see that as nearly as possible that everyone, everywhere in the world, has enough to eat and wear and a decent place in which to live, and the right of freedom of worship.

The Five Great Powers of the United Nations are The United States, Russia, England, France and Germany.

The General Assembly has representatives from the Five Great Powers plus a select number of small nations.

Switzerland is not a member of the United Nations.

There are six main bodies of the United Nations. They are General Assembly, Security Council, Economic and Social Council, Trusteeship Council, International Court of Justice, and the Secretariat.

There are 3,500 on the international staff called the "Secretariat" and they come from 81 different nations.

The headquarters buildings of the United Nations are located in the City of New York on a tract of 118 acres, covering six city blocks.

Everybody is welcome to visit the United Nations headquarters. An average of 3,000 people per day take the UN guided tour. There are 70 guides, and tours can be conducted in 19 different languages.

It is reported that motor vehicle accident insurance in our neighboring states of Louisiana, Arkansas, New Mexico, and Oklahoma, cost 20 percent less for careful drivers than does the same kind of insurance in Texas, because there is no discount allowed for careful drivers, who have no records for accidents in Texas; while such drivers in bordering states get a big discount.

Exceptin gthe Universton of Houston, Texas Christian Uni-

versity, Fort Worth, is one of the fastest growing educational institutions in Texas.

TCU, established as Add-Ran College at Thorp Springs 86 years ago in 1872, was moved to Waco about 1895 and in 1910 was moved to Fort Worth.

As late as 1941, TCU had only 1,735 students. Enrollment for all sessions of the school year, which reached 8,512 last year, is expected to approach 9,000 for the school year just beginning, with 6,400 regular daytime students for the fall semester just beginning.

In 1941, there were only nine major buildings on the TCU campus. The school opened this week with 25 major buildings, including the new \$1,300,000 library, two new dormitories and the completely modernized School of Education Building.

The Hale-Aiken School Study Committee has recommended a 10-month school term for Texas public schools, instead of the present 9-month term.

The committee also recommends that the minimum starting teachers' salary should be increased from \$3,204 to \$3,800.

The Houston Chronicle says this would cost the State an additional \$28,485,247 and would only give the school children a net gain of 15 days more classroom instruction.

The committee also recommends that school districts should refuse to accept Federal aid for school constructions and buildings, as this will eventually lead to Federal control of the schools.

The committee also suggests that the State withdraw from the advalorem tax field and allow the local schools to increase their tax rate.

The State at present does not tax the first \$3.00 value of homesteads. The new proposal is that the State cease to levy any kind of an advalorem property tax.

Another recommendation made by the committee is that the State discontinue the policy of accepting Federal funds for the reimbursement of vocational education and school lunch and milk expenses.

This last proposal seems to be foolish, as Texas would still have to help pay into this fund, but would get none back in return.

It seems to us that it is unfair for Texans to pay part of the cost of the program and get no benefits from it.

Opposition to Federal aid in principle, may be fine, but if we are going to have to continue to help foot the bill, we should

get our share of the loot.

This is the same question that has been causing a row and a division in the school board at Fort Worth.

There are 14,000,000 people in the United States over 65 years of age. Many of them are still healthy and have at least a few years left of good service to themselves and their country. A Federal plan is underway to help these people get some kind of useful work that will bring them in some money and keep them busy part of the time.

The national emphasis on youth

exclusively has become a serious problem.

Persons over 45 even, when they change jobs for any reason, are finding it hard to get good jobs although many of them are better prepared than ever to render some valuable service.

Often a son, fresh out of college, gets as much pay or even more than his father, still under 60, whose best years should be yet ahead.

Youth should have its chance, but not at the expense of the older citizens, especially, if they

have not accumulated enough savings to get some of the comforts of life; since their retirement pay if they are over 65, is generally taken up by necessary living expenses.

However, what hurts most, nationally, is that people between 45 and 65 years of age, if they do not have a business of their own or a job in which they are almost indispensable, are having a hard time finding good replacement positions.

We believe that the retirement

pay plan set up by the government and private business and professions, is one of the greatest blessings ever to come to America, despite the fact that it might be a little socialistic.

Yet people, as long as they are healthy, mentally and physically, do not like to be put on the "shelf," but like to feel important and needed.

A survey shows that automobiles are increasing faster than are highways to carry them. Texas as still has the best highways in

the nation, but improvements and extensions are being hindered in some parts of the State by the difficulty in securing new rights-of-way, reports the State Highway Department.

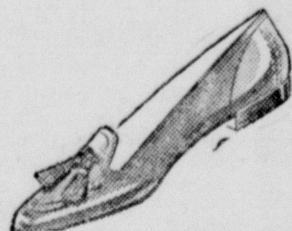

Rerouting highways around or through cities and towns is also causing some trouble and delay. It is in such places that the securing the right-of-way is often most serious and expensive.

Four major Dallas milk distributors, two of which distribute milk in Comanche, are rejecting

milk produced in North Texas local dairy farmers and are instituting milk produced in Pennsylvania, and Wisconsin distribution in the North market.

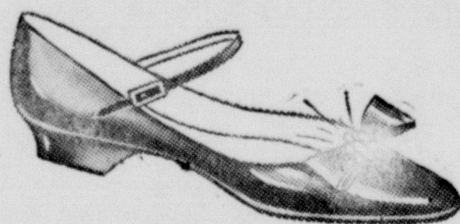

Boycotting of local milk these plants came as a result of the North Texas Milk Producers Association pricing its milk at 30 cents per hundred pounds minimum Federal Order. MORE EDITORIALS Continued on Next-to-Last

The wedding ceremony was read by Rev. Kenneth Cantrell, pastor, in the First Baptist Church of Henrietta. Attending from Comanche were Tom Jack, Miss Mildred Cunningham, Mrs. Jack Hill, and Miss Mona Chambers. Grandparents of the bride are Mrs. W. A. Cunningham, 404 N. Houschambers, Grandparents of the groom are Mr. and Mrs. Laughbaum, 400 N. Pearl, both of Comanche. Mr. and Mrs. Laughbaum are at home in Dallas, where the bride is teaching in the public schools, and the groom is a student in Southern Methodist University Graduate School of Geology.

## CHS Band Off To Good Start

by Betty Durham

The Comanche High School Indian Band started the season with a flourish at the Santa Anna game. The Indian band started the season under the direction of T. R. Atwood, who had been in charge of music in the Comanche schools for a number of years. Mr. Atwood, after getting the band in good order for the 1958 season resigned to serve the Stephenville schools in the capacity of band director.

The successor to the post is Jack L. King, a graduate of TCU. Mr. King will present his band for the first time at the Coleman-Comanche football game. Mr. King reports that the first two weeks of his job has gone smoothly and that he has had good co-operation from everyone.

The Indian band has been its officers for a number of weeks. The officers headed by Betty Durham: drum major, Bill Atwood and Gail Anthony, assistant drum majors, and Glenda Walker, student director, have done much to fire the spirit of the band.

Also showing much enthusiasm for their jobs are the sergeants headed by Mary Payne, first sergeant. The other sergeants are Ann Allen, Gay Kibler, Bobby Sullivan, Judy Robertson, Dale Isham, and June Ferrill.

The Color Guard with Carolyn Anderson, sergeant, and Gail Anthony, Carol Haas, Julia Dudley, and Mary Durham, and the twirlers have done their part in helping with the new band students.

The Indian band, under its new direction and officers plan to work even harder to make this season bigger and better than ever.

## Old Settlers Reunion News

by Mrs. Max Keeter, Secretary, Comanche County Old Settlers Reunion Association.

Friendly greetings were the order of the day on Friday, Aug. 15th at Lake Eanes Park. It was the Reunion of Comanche County Old Settlers under the leadership of President Joe Jones.

Mrs. Mollie Mullican had charge of registering and did a very efficient job. Almost 200 persons were there at some time during the day.

The meeting was called to order with the singing of "O Happy Day."

The program was opened with a fine welcome from President Jones. He then introduced Rev. S. J. Isham who gave the morning meditation, followed by the singing of "Sweet Hour of Prayer" and more words of welcome by Rev. J. D. Smoot.

George H. Harris, of Maryland, a native of Comanche County, dressed in Scottish kilts, played the bagpipes. He played "Corrie Hottie," a song usually played at all Scottish gatherings.

Round table discussion by the following: Ernest Seay, J. N. Boyd and Mr. Matthews was very interesting. They recalled early day happenings, also some of the old-timers who were unable to attend. John Banner in his nineties and Mrs. Annie Albin. Her husband's family owned the land where Old Cora Courthouse stood.

J. C. Wilkerson expressed his pleasure in being able to attend such a friendly gathering, then introduced S. H. Fletcher, our city school superintendent, who talked about the importance of our influence in community life.

Mr. Wilkerson introduced Ben Sudderth, our State Representative. He said though he is not a native of this county, he likes it so well here he wants to "throw in his lot" and become a native.

At the noon hour, barbecue made by Coddie Murphy, bread and drink were served by the Old Settlers. Families brought salads and desserts. It was a very good meal and friendly fellowship, a very fine combination.

The afternoon session was called together by the quartet leading a sing-song. The quartet, composed of Charlie Nance, Less Dillard, Tom Luker and Mrs. Belle Easley with Mrs. Alma Harkins at the piano, gave much pleasure with their special music during the day.

Recognition of guests caused some amazement when it was revealed that two persons had come from as far away as California—Valter and Burt Boykin Waggoner, Cisco, Hamilton, Dallas, Coleman, Rising Star, De Leon and Gustine were also represented.

In checking to see who was present that had lived longest in

Comanche County, Mrs. J. M. Stark won with 83 years. T. H. Donald of Gustine was the oldest person present, being 92 years old. We had several present who were almost 90. Mr. Jones said that he was more concerned with the quality of his years rather than the quantity.

J. E. Lightfoot brought some prehistoric bones and rocks to the meeting, also some Confederate money. He gave some very interesting facts on little known early day history.

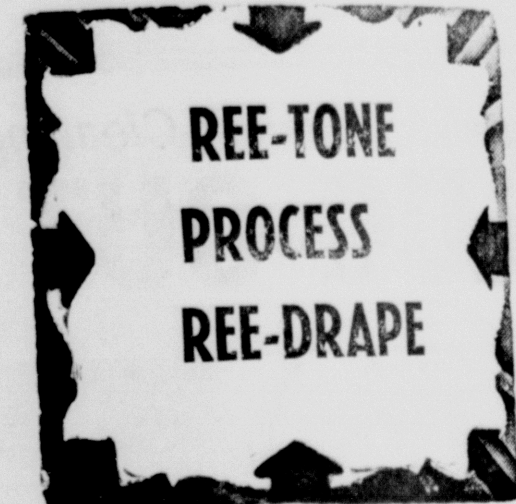

At the business meeting, Charlie Nance was elected president, Mrs. Max Keeter, secretary, and Mrs. Mollie Mullican, treasurer. A collection was taken amounting to \$84.70.

Belle Bean, sheriff of Comanche County, thanked the Old Settlers for their fine cooperation to him in helping him keep the

Comanche Indians won a close game against the Indians in the third period and marched 70 yards in 12 plays, after receiving the opening kickoff, for a touchdown, with Kenneth Henry making the six-point throw on a pitchout from Quarterback Sims—the play covering sixteen yards. The Indians went into a 14-8 lead.

Comanche's next drive was stopped abruptly on the first play of the final period—as Quarterback Harris, of the Bluecats, gathered in the Indians fourth down quick kick on his own 15 yard marker, and went 65 yards untouched for the tally. The extra point try was good, and Coleman was out in front 16-14.

With four minutes left to play, the Bluecats put across the clincher when Quarterback Harris threw deep to End Pat DeBusk, who gathered the ball in after it had been touched by a couple of Indian defenders. The play covered fifty yards.

**Gleaton Heads Attack**

Comanche, despite the Friday night loss, looked improved over their season opener when they trounced Santa Anna 34-0. John Gleaton, who missed the first game due to a leg injury, was the game's leading gainer. He rolled for 216 yards in 23 carries—and never was stopped short of the line of scrimmage. His longest gallop was 56 yards, and he had a 35 yard carry to spark his total.

Kenneth Henry, who lugged the ball 14 times from his halfback spot, had 54 yards; Swearingin

38 yards on 7 carries; Sims 41 on 13 trips, and Loudermilk 15 on 5.

The Indians outgained Coleman 344 to 150 yards on the ground, 64 to 50 yards on passes—and marked up 21 first downs, as compared to 19 for the victors.

The Indians' line played a strong game. Harold Pollock, at left end, possibly turned in the best game of his career—and sparked on both offense and defense. Jackie Coleasure, a 250 pounder, although used sparingly on defense, showed up well—as did other performers in the forward wall.

Quarterback Lewis Sims, playing his second game as the matron under in Comanche's T formation, was much improved in his running—and had 5 of 9 passes completed. His defensive work at a halfback spot, was outstanding—and he shared honors with Kenneth Henry, at a linebacker post, in coming up with the most tackles during the night.

## Elementary PTA Holds Opening Meeting Of Year

The J. B. Layne P.T.A. held the first meeting of the school year on Tuesday, September 9, at 2:30 p.m.

Mrs. Roy Brannan, Jr., the P.T.A. president, introduced Principal W. L. Morris who presented his faculty to the assembly. Many new members joined the P.T.A. A campaign is being conducted with each room trying to have the most P.T.A. members.

Superintendent H. S. Fletcher was the guest speaker. Mr. Fletcher's subject was "Stepping Stones to Maturity."

Mrs. R. L. Tate's room won the attendance prize.

Jackie Rex of Albuquerque, New Mexico and Marcelle Carlisle of Houston visited Mr. and Mrs. W. A. Kerley here this week.

We join in extending our sincere congratulations to

**Mr. Earl Chaney and Dr. Roy D. Mims**

on the occasion of the completion of their modern new CHANEY-MIMS HOTEL here, and on the OPEN HOUSE Sunday.

This modern new hotel is to be an asset to our entire area — and we are most happy to have had a part in furnishing many of the building materials that went into the construction of this building.

## Little League Managers Say Thanks To All

Comanche Little League managers want to express their thanks and appreciation to the many folks of the area who helped make the 1958 season here a success.

Leon Sledge, manager of the Saints and speaking for the managers, says that the sponsors of the teams—Dudley Bros., the First Methodist Church, Higginbotham's of Gustine, Harelik's, Blanket State Bank, and Durham Peanut Company and Central Texas Fertilizer Company, the commissioners, the umpires—are especially thanked.

"We also want to express our appreciation to Coach Travis Henry, who directed the program this summer," continues Sledge, adding that Clemens Motor Company and Dudley Bros. are to be thanked too for taking the Little Leaguers to Fort Worth last week to see the Fort Worth Cats and Victoria play a Texas League baseball game.

"Many others added to the success of the league's operation this year," concludes Sledge.

**Off To College**  
James Wilson, son of Mr. and Mrs. Berch Wilson, who received his bachelor's degree in June at North Texas State College at Denton left for that place Monday where he will work on his masters degree and do some teaching.

The Continental Divide is formed by the Rocky Mountains.

## Newburg Club Sponsors Blood Typing Program

by Club Reporter

D. F. Caraway, Mrs. Randall Burton, Mrs. Roy Henson, Mrs. Leroy Kemnitz, and Mrs. Herbert Lee, the committee on Health and Sanitation for the Newburg Progress Club carried out a community-wide blood-typing program on September 4.

Seventy-one persons were given blood type. A list of all persons cooperating in the program will be left at the Newburg Community House.

Dr. Roy D. Mims and Nurses Opal Humphrey and Flurette Cheatham did the blood typing.

## Newburg 4-H Club News

by Don Kemnitz

Thursday night, September 4, the Newburg 4-H Club held its regular meeting.

Officers for the new year were elected. They are: Grady Earl Hall, president; Sarah Lou McCullough, vice-president; Bobby Lane, secretary-treasurer; Don Kemnitz, reporter.

We are expecting a good year under the leadership of Mr. and Mrs. Bill Lane, for the year of 1958-59.

## Visit in Austin

Mr. and Mrs. A. L. Massingill and family of Arlington, Mr. and Mrs. Junior Oliver and Donna of Goldsmith, Mrs. Lena Merritt of Odessa, and Mr. and Mrs. C. D. Stovall of Comanche visited Miss Martha Merritt in Austin.

**BRIDE-ELECT**—Mr. and Mrs. R. E. Osborn, of Gustine, announce the engagement and approaching marriage of their daughter, Deanna, (above) to Billy Chambers, of Stephenville, formerly of Gustine, son of Mr. and Mrs. W. A. Chambers. The couple plan a September 27th wedding, and will make their home at Tyler, where Mr. Chambers is engaged in the dairy business.

## Sol Mullicans Back From Tennessee

Mr. and Mrs. Sol Mullican of Comanche are back home after a three weeks visit with relatives in Tennessee, and attended a family reunion at Leona, Tenn. The account of the reunion follows:

A Mullican family reunion was held at the home of Mrs. Pearl Smith at Leona, Tenn., August 26th. Those attending were: Mr. and Mrs. Sol Mullican of Comanche, Texas, J. B. Mullican of Westaco, Texas, J. M. (Dennis) Mullican of Denver, Colo., (formerly of Manila), Mr. and Mrs. D. B. Mullican of Etowah and Manila, Mr. and Mrs. Frank Mullican of Harrisburg, Evans Mullican of Chattanooga, Tenn., and Gladys (Mullican) Bennett, of Long Beach, Calif., formerly of Manila, and a host of nieces and nephews.

The youngest of the immediate family was Frank Mullican, age 51, and the oldest was Sol Mullican, age 71. The average age was more than 60 years each. Some had not seen each other in 40 years.

## VAN DYKE

by Jesse Tiner

The two local churches report a total Sunday School attendance of 89 for last Sunday, Sept. 14. Gartman View had 56 and Zion Hill had 33.

The amount of rain for the week ending Sunday, Sept. 14, was .50 of an inch at Van Dyke. The recent showers have been very beneficial to the growing farm crops, as well as to grass lands. Peanuts at Van Dyke are looking good, but some farmers seem to think that the severe July and August drouth was detrimental to the production. The regular harvest is still from one to two months away.

Jesse and Ammi Tiner enjoyed a birthday luncheon with their sister in Brownwood last Wednesday.

Mrs. Floyd Fleming and children, Rev. Eugene and Miss Elzora of De Leon were visitors in church services here last Sunday evening.

Mr. and Mrs. Dean Collins of Winters spent last week-end here visiting in the homes of relatives.

Mr. and Mrs. Jack McClatchey, Linda and Larry, moved to Fort Worth last Saturday. Mr. McClatchey plans to work there for

a few months before returning to Van Dyke.

Mr. and Mrs. Wiley Don Holland of Brownwood visited in the home of friends here last Thursday evening.

Jesse reports a very happy time among his little friends in Granbury last Saturday and Sunday.

Jesse's Verse To

His Little Friends:

Heaven's Crown

If old man Hate

should chance to appear

We had better be

scared to death!

But should a wee bit of

Love draw near

It will help us to

catch our breath.

Hate will destroy the

best friend on earth.

Hate will least the dearest

friendships down;

Love is a bright gem

of immortal worth.

If we gain it, we've gained

"Heaven's Crown."

**JEANNINE GLEATON ELECTED**

Jeannine Gleaton, daughter of Mr. and Mrs. E. W. Gleason, Comanche was elected secretary of next year's Methodist Camp at Glen Rose.

## Presbyterian Notes

"The Great-Hearted" will be the sermon topic of Baxter Greer at the Presbyterian Church, Sunday, 10 a.m. "Salvation For The Church" will be the topic of the 7:30 p.m. Special music will be sung for both worship services.

Mrs. V. A. Meyers is organist for the 10 a.m. service.

Overstreet is superintendent of the "Daily Day" which will be presented September 28 at 10 a.m.

**CARD OF THANKS**

We wish to take this opportunity to express our heartfelt gratitude and thanks to those who so generously assisted us in our sorrow and loss of our grandfather, and great-father, R. W. # IT'S THE

# Comanche Indians vs. Cisco Lobos

The INDIANS and LOBOS always have a battle of it when they clash — and this year's game looks to be one that will bring lots of thrills to the fans — and plenty of hard rock 'n sock 'em football.

WE'RE MIGHTY PROUD of the good showing of the INDIANS this year — in winning the season's opener against Santa Anna, and dropping a tough decision to the strong Bluecats at Coleman last week. CISCO is rated as the favorite to win District 7-AA — the district that the winner of 8-AA will meet in the opening round of the play-offs — and we believe the INDIANS have the stuff to trim the LOBOS.

GO, INDIANS, GO!! LET'S GET BACK IN WINNING STRIDE BY STOPPING THOSE LOBOS! . . . WE'LL BE THERE!!

The name of Frank Wilson is  
proposed as the Dept. Sheriff of  
this county. Frank is a young  
man of education and business  
qualifications, and, moreover, his  
habits fit him for the position.  
He does not drink, he is always  
sober, and knows what he is doing.

Says The 'Ennis Argus':—"We  
are under obligations to Mr. Joe  
G. Hardin of Comanche, Texas,  
for a copy of 'The Comanche  
Chief,' a new paper published by  
Gerald A. Beeman, which we  
find to be an excellent paper,  
well gotten up. It is published  
in the midst of a chivalrous and  
public spirited people. As an evidence  
of the earnest friendship  
of The Chief, the citizens and  
business men of the town contributed  
to Mr. Beeman \$500 in the  
establishment of the press."

Says The Galveston Daily Commercial:  
"We received today the  
first copy of 'The Comanche  
Chief,' published in Comanche  
County, Texas. You are a Democrat;  
you want the frontier free from  
outrages; you want honesty in  
office. We are with you with  
your war-hoop; and may the  
Great Spirit grant you a bountiful  
harvest of radical scalps, three  
months hence, or in December  
next, as the pale folks say."

## Lightfoot-McGuire Wedding Solemnized

John A. Lightfoot and Mrs. Ensie  
McGuire were married Sunday  
Evening at 6:45 o'clock at the  
home of Rev. and Mrs. J. D.  
Smoot.

Mr. Lightfoot is a brother of  
Rev. E. H. Lightfoot who was  
formerly the pastor of the First  
Methodist Church here.

Mrs. McGuire was formerly Miss  
Ensie Boyd. The Boyd family moved  
to the Downing Community  
many years ago. Both Mr. Light-  
foot and Mrs. McGuire have lived  
practically all their lives in the  
New Hope and Downing Commu-  
nities.

Both Mr. and Mrs. Lightfoot  
have many long and lasting friends  
who wish for them many years of  
happiness. They plan to make  
their home near De Leon.

milk used as Class A, says the  
North Texas Producers Association.

The Milk Producers Association  
says Grade A dairy farmers of  
North Texas have seen the price  
paid them for milk steadily de-  
cline since the fall of 1952 from  
an average of 15 cents a quart  
to less than 11 cents at present,  
while the retail price of milk is  
the same today as it was in 1952,  
and they felt a little raise was  
in order to help them meet the  
growing expenses of production.

"There are no practical political  
solutions to economic prob-  
lems," says J. H. West, president  
of the Texas Farm Bureau.

West points out an economic  
truth which has not changed and  
never will. He says that regard-  
less of how many laws we pass,  
the price for products in the  
end is determined by the supply  
and demand. It, in the end, is  
determined by what somebody is

willing to pay.

Prices seem to us never high  
enough when we sell and never  
low enough when we are in the  
market to buy. Every sale, re-  
gardless of size, is determined by  
what someone is willing to pay.  
This is called "the market price."

One authority says that had  
we used the same method of pric-  
ing in other fields as we did in  
establishing farm prices, a Ford  
or Chevrolet today would sell for  
more than \$6,000 with no allow-  
ance for improvements since  
1914. He says a Coca-Cola would  
be priced at 23 cents.

How many of these items do  
you think would sell at such  
prices? How long would these  
manufacturers maintain enough  
volume to continue in business?

Relating a personal experience,  
West illustrates how volume of  
production affects profits. He  
says: "When wife and I started  
farming on the halves in the fall

Chocolate and cocoa both  
come from the cacao bean.

The opposite of leeward is  
windward.

of 1924, we bought 150 hens  
which started laying in De-  
cember. Just before Christmas we  
sold three dozen eggs from these  
chickens at \$1.00 per dozen.

"Two weeks later we were sell-  
ing 10 dozen per day at 40 cents  
per dozen. Several months later  
we were still getting 30 cents per  
dozen.

"We lost money on the \$1.00  
eggs, but were able to show a  
profit at the lower prices.

The difference, West said, was  
in the amount produced.

Price is important, but it is  
only one factor to consider. We  
must have volume in anything to  
show a profit.

We must be free to make the  
best use of our own land and  
equipment and to take advantage  
of technological improvements.

Most everybody agrees that the  
government today does have a  
part to play in the agricultural  
program, but we must remember  
that any government that is big  
enough to give us everything we  
ask, is also big enough to take  
everything we have.

Bible Thought: "Then Peter came  
to Him and said, Lord, how of-  
ten shall my brother sin against  
me and I forgive him? Till seven  
times? Jesus said unto him, I  
say unto thee, not until seven  
times, but seventy-times seven."

One of the supreme tests of a  
Christian is his willingness to  
forgive, not merely to put it in  
so many words, but with real love  
and forgiveness.

No man or woman can afford  
to entertain bitterness in his  
heart. It ruins his own disposi-  
tion and makes him miserable.  
There is nothing so uncomfort-  
able as hating someone else.

If someone mistreats us, or  
speaks evil of us, it is our duty  
to live so that the world will  
know that the treatment is un-  
just.

Nobody ever becomes a better  
person by hating or criticizing  
someone else. "To err is human,  
to forgive is divine," says the  
poet.

Christ's whole life and teaching  
was one of forgiveness. His last  
words on the cross were, "Father,  
forgive them, for they know not  
what they do."

If it were not for the repairs  
that we have to make in this  
life, we could all live happily and  
not worry. But according to the  
Bible, there is nothing perman-  
ent except the Word of God.

The house that we build be-  
gins to decay almost before it is  
finished. Our fields and fences  
are damaged by almost every  
hard rain. Even our bodies suf-  
fer and decay and there are doc-  
tor bills most every month.

Comanche County cannot boast  
as highly of its fine fruit as it  
used to, and the frost and hail  
got much of what was left this  
year.

But there were some really  
fine fruits grown here this year,  
even if the quantity was small.

Mrs. Ray Parrish, the lady who  
furnishes us the Sunday School  
attendance report at Mercer Gap,  
brought us last week some fine

## CAPACITY CROWD ATTENDS WATERSHED HEARING HERE

The District Court Room was filled to capacity at a hearing held by the State Conservation Board Thursday September 4.

The landowners of the Rush Creek Watershed very ably presented their case to an attentive group of men from each of the five State Sub-divisions.

More than 400 people attended a special hearing for setting the priority in watershed planning. The landowners, representatives of the Comanche Chamber of Commerce, Comanche Jaycees, Comanche Lions Club, Rising Star Chamber of Commerce, County Commissioners Court and the Upper Leon Soil Conservation District officials all lent their full support to this project.

C. B. Williams, Watershed Chairman and H. M. O'Brien, Jr., secretary planned and successfully presented the need for a flood prevention program.

W. J. Fritts, local Supervisor, presented the history and amount of conservation applied to the land in the Watershed. Heston McBride and Hezzie Dean along with others presented watershed facts that were convincing as to the need and local interest.

The State Board has received 138 applications for Flood Prevention dams, 78 of these applications have been approved as feasible on a cost-benefit basis. Of the 78, twenty-five were either building or approved for detailed planning. Three more will be selected by March 1, 1959 for planning during the following year.

farm garden sufficiently large to large care of the family's needs.

If they are so set-up, Mr. Bryant added, there are several other things participating farmers can go on the farm. Among them, he listed: Use barns, other farm buildings, and feed lots, graze noncrop open pasture or range land that is not in the Conservation Reserve; manage already existing timber stands, fruit trees, vineyards, nursery stock, or nut trees.

The chairman urged all farmers who have questions about putting their entire eligible acreage in the program, and any others who are interested, to consult with County ASC officials. He pointed out that any farmer who has cropland regularly used for cultivated crops or tame hay is eligible to take part.

The Salvation Army, one of the participating organizations of the Greater Comanche United Fund, Inc., serves hundreds of thousands of unfortunate and needy Texans. Herbert Goodson serves as chairman of the Service Unit Committee, along with other members of the Unit Committee: E. A. Kerby, treasurer; Thelma Keeter, secretary; Alvin Swindie, Elzo Brinson, Bill Dudley, Nurse Kathleen Eads, and Ruth Loudermilk.

Jack Sharkey, Service Unit Field Supervisor for the Salvation Army, is largely responsible in the organization of the Greater Comanche United Fund, Inc. He made two special trips to Comanche to help lay plans and groundwork for our United Fund, which has consolidated drives for six other organizations into one.

Nurse Eads has available to her, funds which she can use in clothing needy school children. She has been very generous in dealing with the children she comes in contact with along with her regular duties as school nurse.

Many cases of assistance to transients have come up with immediate relief and with the least possible trouble or time involved.

Of the total money given locally to the Salvation Army, one-third stays at home for our own use, one-third is set aside in the State Disaster Fund, and one-third used for the State program. Should our own local fund run short, all is needed is a request from State and immediately a check is sent for the amount asked to supplement our original one-third.

So when October 27th comes around and the drive for funds for the use of 1959, be generous and give, give more than last year to make the United Fund drive a complete success. And if you are asked to help with the drive, be more than generous with your services. And also remember only one drive, the United Way, instead of seven separate drives.

Give One Day's Pay the United Way.

### More J. H. Wilhelm

(Continued From Page One)

ber 22, 1884, in Comanche County. He was the son of the late William Jackson and Matilda Wilhelm.

Mr. Wilhelm was reared on a farm in Comanche County near the Mills County line.

He was married to the former Miss Mary Alice Garner on September 25, 1910. To them was born one son, Stanton Wilhelm, who now lives in Dallas, and holds a responsible position with an oil company.

Mr. Wilhelm was in the barber business for more than 50 years. He entered that trade at Priddy where he opened a shop for week-end business while he was still in his teens and while still working on the farm. With the exception of about two years spent in Brownwood in the late '20s, Mr. Wilhelm owned and operated a barber shop in Comanche for nearly 50 years, before retiring about a year ago.

Mr. Wilhelm was one of Comanche's outstanding citizens and was popular with the public. The trite old saying, "He was a friend of all who knew him," seems almost to have been true in his case.

Mr. Wilhelm had been a member of the First Methodist Church here for nearly fifty years and was an official in the church most of that time.

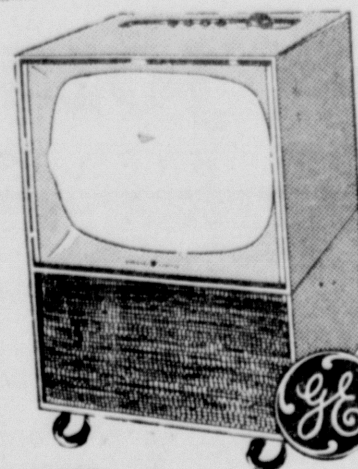

Besides his widow and his son, Stanton and the latter's wife and three children, Mr. Wilhelm is survived by three sisters: Mrs. Bob Tate of Abilene, Mrs. Joe Ashley and Mrs. W. F. Campbell, both of Plainview; and a number of nieces and nephews, three of the latter being ordained ministers.
